AT NIGHTFALL

Coming along by the meadows, Just after the sun went down, Watching the gathering shadows Creep over the hillsides brown;

Coming along in the gloaming. With never a star in the sky, My thoughts went a-roaming, a-roaming Through the days that are long gene b

Days when desire said, "To-morrow, To-morrow, heart, we'll be gay!" Days ere the heart heard the sorrow Which echoes through yesterday.

Life was a goblet burnished, That with love for wine was filled; The cup is bruised and tarnished, And the precious wine is spilled.

But to the traveler weary, Just coming in sight of home, What does it matter how dreary The way whereby he has come? Coming along by the meadows, And watching the fading day, Duskier than night's dusky shadows

In the northern sunset's glimmer, The Great Bear opened his eyes, Showed where the full moon would rise.

Fell shadows of yesterday.

Lights in a window were gleaming. And some one stood at a gate, Said, "Why do you stand there dreaming? And why are you home so late?"

Yesterday's shadow and sorrow That moment all vanished away ! Here were to day and to-morrow-What matter for yesterday? -Good Words.

Quarantine,

have used it.

at the same time hard and clean. To heat a room of a given size will, of course, require a certain amount of carbon: now, if you have a pure coal like the Black Diamond, the room will be warm and comfortable with the least amount of coal, while if the coal is of a poor quality it will take from fifty to one hundred per cent, more to give out the same heat, thereby materially increasing the

cost of your fuel.
